MAXIMA SOLAR | PRO-I HOME POWER KIT

3.6KW system with 24V system

Smart. Independent. Sustainable.

Empower your everyday life with reliable, clean energy. The Maxima Solar PRO-I System is an all-in-one solar solution engineered to deliver dependable off-grid electricity for your essential domestic needs. From morning routines to evening relaxation, take control of your power supply.

Why Choose the ECO-I System?

Tailored for Essentials: Seamlessly runs your daily entertainment and utility devices, keeping you connected and comfortable without interruption.

Plug-and-Play Engineering: An integrated, hassle-free design featuring a robust mounting setup and full protection gear for quick installation.

Advanced Hybrid Technology: Intelligently switches and balances solar harvesting with standard grid charging for maximum efficiency.

Heavy-Duty Storage: Premium deep-cycle battery architecture guarantees stable electricity long after the sun goes down.

Ideal Applications

Perfect for: Urban homes looking to reduce electricity bills, remote cabins, off-grid studios, and reliable emergency backup power during unexpected blackouts.
